

SA Health Pharmaceutical Industry Collaborative

Campaign closing: 31 May 2021

For Pharmaceutical Industry to collaborate with SA Health on new initiatives relating to equitable use and access to medicines for all South Australians.

Our context

SA Health is committed to protecting and improving the health of all South Australians by providing leadership in health reform, public health services, health and medical research, policy development and planning, with an increased focus on wellbeing, illness prevention, early intervention and quality care.

SA Health is seeking your ideas to help shape our health system. This is your opportunity to bring us your ideas and how we can collaborate with the Pharmaceutical Industry to improve quality use of medicines and health outcomes for our patients. These may be conceptual initiatives or established programs that can be developed for implementation into SA Health

What are we looking for?

We recognise the need to create new ways of collaborating and working together with you.

We appreciate that great ideas come from a range of sources, from different perspectives, and in varied ways. We highly value the input that pharmaceutical industry can provide to innovations around how we deliver care to achieve optimal health outcomes for our patients.

Through the Healthy Ideas Portal, we are seeking ideas, innovations and novel solutions for efficient access to pharmaceuticals, supply chain networks and technologies that can achieve a mutually beneficial way of working and also reducing our environmental impacts.

What are we hoping to achieve?

To lead, innovate and inspire through creation of a relationship that values the public's health, our impact on the environment and generates transparent benefits to the local economy.

To provide you with a forum, where you are able to share your initiative and ideas.

Idea assessment criteria

1. Applicability and ability for translation into practice within SA Health
2. Technology Solutions
3. Supply chain and distribution suggestions
4. Uniqueness and value of the idea relative to the anticipated cost of delivery
5. Environmentally sustainable solutions
6. Supplier resources, capability and capacity to support progression of the initiative?

Submitting an idea

Suppliers are invited to register and submit ideas via the Healthy Ideas portal.

Ideas are requested to be submitted by 31 May 2021.
