

### Ideas From You

### Open Campaign 2022 to 2023

SA Health is seeking your ideas to help shape our future health system. This is your opportunity to bring us your ideas, which do not fit into any of our current campaigns. These might be complete concepts, which have been tested and used in other jurisdictions or new ideas and concepts, where you are looking for a platform to trial and test our appetite.

#### Our Context

SA Health is committed to protecting and improving the health of all South Australians by providing leadership in health reform, public health services, health and medical research, policy development and planning, with an increased focus on wellbeing, illness prevention, early intervention and quality care. SA Health is the brand name for the health portfolio of services and agencies responsible to our Minister, the Minister for Health and Wellbeing.

#### What we are looking for?

We recognise the need to create new ways of collaborating and working together with you.

We appreciate that great ideas come from a range of sources, from different perspectives, and in varied ways. We highly value the input that pharmaceutical industry can provide to innovations around how we deliver care to achieve optimal health outcomes for our patients.

Through the Healthy Ideas Portal, we are seeking ideas, innovations and novel solutions for efficient access to pharmaceuticals, supply chain networks and technologies that can achieve a mutually beneficially way of working and also reducing our environmental impacts.

#### What are we hoping to achieve?

To lead, innovate and inspire through creation of a relationship that values the public's heath, our impact on the environment and generates transparent benefits to the local economy.

To provide you with a forum, where you are able to share your initiative and ideas.

# HEALTHY IDEAS

CAMPAIGN

## Idea assessment criteria

1. Applicability and ability for translation into practice within SA Health
2. Technology Solutions
3. Supply chain and distribution suggestions
4. Uniqueness and value of the idea relative to the anticipated cost of delivery
5. Environmentally sustainable solutions
6. Supplier resources, capability and capacity to support progression of the initiative?

## Submitting an idea

The Ideas From You Campaign will remain open until 2023. Submit your ideas [here](#).
